Hello, David:

It was a pleasure meeting with you and Mayor Suttle today.

In summary, we believe Mayor Suttle should have an opportunity to present an accurate and balanced account of his administration, and the exhibit I presented today (attached as a Microsoft Word document) validates our commitment in this regard.

At the discretion of Mayor Suttle, content can be produced by a third-party for later broadcast on CT122, or CT122 can broadcast a "live" or taped program(s), with the actual broadcast to occur during prime time [between 7:00 pm to 9:00 pm] on any future Thursday night.

Have a great day!
