Re: Trip Reynolds

Seldom do people take the time to appreciate the efforts of those around them, however I wanted to do that for Trip Reynolds. Although Trip has never helped me personally with any major projects, I continue to hear good things about him from other employees, particularly those in my department. The impression I have gotten is that Trip takes the time to help others and is genuinely concerned about other people's problems. From a personal stand point, I can tell you that every time I have ever called to request information, Trip has gotten back to me in less than 24 hours with accurate and precise answers. It is always refreshing to deal with someone with such a positive and helpful attitude, and I didn't want to see his efforts unnoticed.
